

Mandavilli Chidvilas

Junior Consultant

PROFILE SUMMARY

Tech-savvy professional with hands-on experience in RPA and SAP Fiori/UI5, backed by an engineering background with a specialization in Cybersecurity. Skilled in automating business processes using SAP Intelligent RPA, streamlining operations across finance, logistics, FMCG, and e-commerce domains. Adept at identifying automation opportunities, gathering user requirements, and delivering solutions that enhance efficiency and user experience. Brings a strong technical foundation, product mindset, and the ability to bridge business and technology, enabling secure, scalable, and impactful digital transformation across industries.

WORK EXPERIENCE

Jun 2024 - Present

Junior Consultant Mindsprint

- **Process Automation:** Led the development of SAP Intelligent RPA bots to automate repetitive processes in Finance and Master Data, reducing manual effort and improving accuracy.
- **Cross-functional Collaboration:** Worked closely with TMG and finance stakeholders to gather business requirements and implement automation workflows.
- **Impact Delivery:** Achieved a 20–30% reduction in operational time across key processes through intelligent automation.
- **Tool Mastery:** Utilized SAP Build Process Automation and SAP BTP services to streamline workflow development.
- **Application Development:** Designed and developed responsive SAP Fiori and SAP UI5 applications using user-centric design principles.
- **Cloud Migration Support:** Contributed to the successful migration from SAP on-premise systems to SAP S/4HANA Cloud, enhancing system efficiency.
- **Technical Integration:** Leveraged SAP Business Technology Platform (BTP) and SAP Buildcode to support application performance and maintainability.
- **User Experience Focus:** Delivered improved user interfaces by
